Washington, D. C. The New Yerk Yankees, have finally come ative in the American League and there are signs the Pittsburg Pirates are trying to awaken but the world champion Pirates— like the Yankees — are suffering from pitching troubles.

The champs have deeper troubles at this moment than the Yankees, whom they defeated in the 1960 World Series. Both Bob Friend and Vernon Law, their one - two punch in 1960, are ailing. Unless these two can get back on the winning trail this year the Pirates might have to settle for less than the best.

The Yankees, plagued with pitching troubles for years, have shown some recent improvement and it allowed them to move into first place on June 15th, In Terry, Stafford, Sheldon and Coates, the New Yorkers have developed a good and young staff.

Bob Turley and Art Ditmar didn't have it for the league champions early in the season and so Ditmar was traded away for Bud Daley. Daley — a lefty — is one of the good young pitchers in the league and why the A's parted with him for Ditmar is a good question, especially in view of the fact that the new owner of the A's had only recently said he would never swap with the Yankees.

If Yankee pitching holds up it will take them to the pennant. But it may or may not go the route. Cleveland seems to have a great young pitching staff and Detroit has three top flingers. With a fourth, to match Lary, Mossi and Bunning, the Tigers would probably go all the way.

Cleveland pitching is probably the best in the league right now. Baltimore, still hoping to get it should have the best if the young fireballers get going, but they haven't kicked off to the rushing start they displayed a year ago.

From where I sit ... *by* Joe Marsh

"Lost And Found, Found, Found, Found!"

I ran one of the most important "Lost and Found" advertisements in *Clarion* history for the Widow Parker last week.

Seems she lost her purse with $8 in it at the last town meeting. We figured it would mean a lot to her if it were found and returned.

Well, the ad ran and the strangest thing happened! We received four envelopes—from Buck Hanson, Windy Taylor, Curly Rice and Slim Thomas. Each envelope contained a note saying the enclosed money was found in or around Town Hall. We returned the lost money with 200% interest!

From where I sit, people are pretty wonderful. I see it in a lot of little things. For instance, my neighbor always has a cold glass of beer on hand when he invites me over for dinner—though he prefers tea with his meals and has for years. His gesture is not only generous but tolerant, too . . . both are valuable assets to be "found" in any community.

The Fourth of July is a grand date on the ...dar. It stands for the Declaration of In...ndence of our Freedom as a new Nation. ...m 1607 until 1776, we were colonies and ...ject to the rule of a mighty nation. We are ...rtunate now, that the same nation is our ...end. But, July Fourth is a great occasion in ...erica.

...deed, it could be said that the incentive to BUILD and GROW had its birth on this Continent on July Fourth, 1776. Until then, we had been, by and large, content to be Colonies. There were many famous exceptions - but the "Pay-off" came when Thomas Jefferson, Patrick Henry, Benjamin Franklin and George Washington and other famous leaders swept our tiny populace of some three million into a surge for INDEPENDANCE.

And so now comes another FOURTH OF JULY.

Many will work that day. But, still, it is a glamorous holiday event.

Let us think of it in terms of what it means to each and every one of us.

It menas that we are a FREE people and have the right to step out and show our worth!

Ever think of that!

To "step out and show our worth!"

You can go as far ahead as you can prove yourself able in FREE America! And that applies not only to individuals, but to communities.

Appomattox can be a GROWING community and can go ahead and be prosperous. Yes indeed. It is up to us. It is our right and our privilege, won many years ago by our forefathers. We can "get by" with being complacent and indifferent... but that is not THE AMERICAN WAY! The "American Way" is to strive to make every tomorrow better than yesterday. We are a dynamic race. There is a virility surging in our bloodstream. We welcome FRONTIERS -- of the economy, the industry, the SPIRIT.

And that challenges us in this Appomattox Community.

Ours is a historic community. We are most fortunate to be citizens of this famous town and county.

We invite you to join with us and make Appomattox THE BEST! On the part of these listed below the challenge is to render you such efficient and courteous service that you will WANT to "do business" in Appomattox. And, on your part, we suggest that perhaps you will want your home town and community to "be the best" and therefore we can work as a TEAM. The ulimate goal is not selfish, but rather as we observe this Fourth of July, to dedicate ourselves to BUILDING ON THIS LOCAL CONTINENT A MIGHTY NATION OF STRONG COMMUNITIES - FREE, and if we make our localities strong, we make our nation strong and come what may, we will survive.
